After School Activity Permission Form

Dear Parents:

We would like to advise the parents that the daycare can not be responsible for your child in **ANY** After School Activities, which happen after dismissal. This includes track and field, kilometer club, or other after school activities. It is also up to parents to make arrangements for their child to come to the daycare after these activities. We take full responsibility **ONCE** your child has arrived to the daycare. We can not take responsibility in any after school activities. We apologize for any inconvenience.

Please choose ONE only:

I, _____, the parent of _____, understand and take full responsibility that in order for my child to participate in after school activities that I must make the appropriate arrangements for my child to come to the daycare after the above activities.

OR:

I, _____, the parent of _____, do **NOT** give permission for my child to join after school activities with the school.

Please notify the daycare if in the future you change your above decision as we will require an updated form.
